- 16 May 2021 ATIGA e-Form D Update MIG v0 15.3

The ASEAN-wide Self-Certification (AWSC) has been implemented since 20 September 2020. It is ASEAN's latest trade facilitation initiative that allows exporters who have demonstrated their competence to comply with rules of origin requirements of the ASEAN Trade in Goods Agreement (ATIGA) to self-certify the origin status for their goods to be eligible for the ATIGA tariff preferences. With the implementation of the AWSC, the Certified Exporters are now able to make out the Origin Declaration to all ASEAN Member States.

FAQ

What is Certificate of Origin?

A Certificate of Origin (C/O) is an official document used to certify the products originated, wholly obtained, produced or manufactured in a country. It is generally an integral part of import documents required by the imported countries.

At the time of carrying out the formalities for exporting the products under preferential treatment, the exporter or his authorized representative shall submit a written application for the Certificate of Origin together with appropriate supporting documents proving that the products to be exported qualify for the issuance of a Certificate of Origin.

There are two type of Certificate of Origin:

- Non-Preferential
- Preferential

How to apply for CO?

The exporters need to apply for C/O at the Export-Import Department, Ministry of Commerce. The procedures of the application for Certificate of Origin could be found in Prakas No 3198 on Certificate of Origin Issuance Procedures for all forms.
